Ethics are very important to NYRA. NYRA urges you to please report ethics issues or concerns to NYRA's Ethics Officer by email at ethicsofficer@nyrainc.com or via NYRA's confidential ethics hotline at 1-800-605-1340.

* Please note that NYRA can only pay off on winning wagers in accordance with the relevant complete wager rules of the NYSGC codified at 9(e) NYCRR. * Specific wagers available on each race are listed at the top of each individual race page.

All NYRA betting accounts, including NYRA Bets and Cash Cards, in which there has been no wagering activity for three years, will be considered "dormant." Dormant accounts shall be treated as abandoned property pursuant to New York State abandoned property law and will be remitted to The Office of the New York State Comptroller on an annual basis.

HOW TO WAGER

2025 Belmont Stakes
Racing Festival

Where do I place a wager?

Live teller wagering windows and easy to use self-service touch screen terminals are located throughout the racetrack. Just insert a betting voucher, winning mutuel ticket, cash (where available), at the self-service terminal to enjoy the convenience and privacy of do-it-yourself wagering. Always double check your wagers before leaving the window or self-service terminal. Vouchers can be purchased at all windows. Each individual race page has a listing of all wagers offered in that race.

How do I bet with NYRA Bets App or Online?

Bet your favorite tracks from anywhere with the NYRA Bets App or at home online. Sign up for an account at NYRABets.com or in person with a Bets Squad member or at a Hospitality location. Once your account is open, download the NYRA Bets App from the App Store or at NYRABets.com to download the Android version. Visit NYRABets.com for more details.

How much do I have to bet?

All wagers have different bet minimums. You can make a wager for as little as ten cents (\$.10) playing the Superfecta and \$.50 cents with our Trifecta, Pick 4 and Pick 5. All other wagers are \$1 minimum including the Pick 6. NYRA also has designated windows for guests wagering a minimum of \$50 dollars per wager.

HOW TO WAGER

2025 Belmont Stakes
Racing Festival

How are the odds determined?

The track handicapper sets the morning line, which are the odds he believes the horses will be at post time. As money is wagered, the odds change continuously until post time, and are determined by the amount of money wagered on each horse.

Why do odds fluctuate after the race starts?

Wagering at all NYRA tracks closes when the starting gate opens. Final odds cannot be posted until the race is in progress. There is a slight delay due to the high volume of last-minute wagering at simulcast sites across the nation as final odds are calculated by the totalisator system. No wagering site has the capability to accept bets after the start of any NYRA race.

How do I find out if I won?

Check the tote board and television monitors after the race becomes official. The amount you win depends on how much you wager, the type of bet you make, and the amount of winning wagers on that horse or combination of horses.

What happens if there is a late scratch?

This depends on what type of wager it is. If a horse is scratched after wagering is closed, refunds will be given on all Win, Place, Show, Exacta, Quinella, Trifecta, and Superfecta wagers.

Very Important: Hold all tickets until the race is official

Make sure that you hold all tickets until results are made official, as there could be changes in the order of finish due to a disqualification. For your convenience and ease in speedily cashing winning tickets and vouchers, it is requested that your tickets not be torn, folded or otherwise damaged. New York State pari-mutuel rules are posted in wagering areas throughout the track.

Bet Cancellation Policy

Please examine your mutuel tickets carefully. The New York Racing Association is not responsible for ticket sales not completed before the machines are locked. Additionally, no adjustments, including cancellations, can be made once the race begins. Non-account wagers can be cancelled at self-service terminals, but with a limit not to exceed \$50. Wagers placed on NYRA Bets cards or Cash cards can be cancelled on tablets, but with a limit not to exceed \$500 on win, place, show wagers and/or \$50 on any one single combination for all exotic wagers. Please note that wagers on NYRA Cash cards cannot be cancelled at teller windows.

Daily Double and Pick Three Scratches

If there is a scratch in the first leg of the Daily Double, the bettor receives a refund; a scratch in the second leg results in a consolation payout combining the winner of the first leg. In the event of a late scratch before the first leg of the Pick Three, the bettor receives a refund. In the event of a late scratch after the running of the first leg, a consolation payout is paid to bettors with winners in the other two legs.

Pick Four, Pick Five, Pick Six and Grand Slam Scratches

For Pick Four, Pick Five, Pick Six and Grand Slam wagers, in the event of a late scratch, the bettor receives the post time favorite. There are no refunds or alternate selections.

Pick Four, Pick Five, and Pick Six Payoff Calculation

In the Pick Four there is a mandatory daily payout of the entire pool. In the Pick Five, in the event there are no tickets with five winners, there is a carryover of 100% of the net pool into the next day of the meet. The Early Pick 5 will carryover into the Early Pick 5 and the

Late Pick 5 will carryover into the Late Pick 5. In the Pick Six, in the event there are no tickets with six winners, there is a carryover of 75% of the net pool into the next day of the meet. The remaining 25% of the net pool is distributed as a consolation payout.

Pick Four, Pick Five, Pick Six Cancelled Legs

Should there be three or more cancelled or "no contest" legs in either of the Pick Four, Pick Five, and/or Pick Six pools, all bets are refunded.

Pick Four, Pick Five, Pick Six, and Grand Slam-races off turf

When the condition of the turf course(s) warrants a change of racing surface to a non-turf course in any of the Pick Four, Pick Five, Pick Six races, and such change has not been known to the public before the close of wagering in any of those wagers, the changed leg(s) will be deemed an "all win" for wagering purposes. For the Grand Slam, the changed leg(s) will be deemed "no contest" for wagering purposes. If there is only one surface transfer in the sequence of the Pick Five and/or Pick Six, previous days' carryovers are to be paid out. If more than one, then any previous carryover shall be carried over to the next day of the meet for the wager. Advertised guaranteed amounts for the Pick Six are only paid out if there is a maximum of one surface transfer.

Grand Slam Payoff Calculation

In the first three legs of the wager, equal weight is awarded to winning selections. In the fourth and final leg, the selection must be the official race winner. The payoff is posted as one price based solely on whether the bettor has correctly selected at least one winning selection in each of the four legs of the Grand Slam. **Place or show wagering must be available in any of the first three legs of the wager for a horse to qualify as a winning selection finishing second or third.** For example, a horse that finishes third in a race with no show wagering is not a winning selection.

Uncashed Tickets

Pari-mutuel tickets not cashed within 10 days of purchase that have a value of \$300 or more must be redeemed at IRS-designated windows. The patron needs to provide a name, home address, date of birth and social security number. Please note that unless the payout on the ticket is 300-1 or higher and in excess of \$600, the patron's information will not be reported to the IRS. The same requirements apply for tickets cashed by mail that meet these parameters.

Do I have to report my winnings to the IRS?

The Internal Revenue Service requires reporting of payouts on any winning wager or groups of wagers that exceed odds of 300 to 1 and pay in excess of \$600. IRS regulations also require automatic 24% withholding on payouts that exceed \$5,000. For non-US residents, IRS regulations require automatic 30% withholding on any winning wager or groups of wagers that exceed odds of 300 to 1 and pay in excess of \$600. IRS Windows for IRS winning tickets are located on all floors. Patrons must present a picture ID (driver's license or non-driver's state ID, federal, state, or city ID, passport, or NYRA ID). A second form of identification showing the patron's social security number must also be presented. When betting and receiving paper tickets, the 300-1 threshold will be calculated based on the total amount bet on a single physical ticket in a single track/day/race/pool. When betting with a NYRA Bets Account or NYRA Cash Card, the 300-1 threshold will be calculated based on the total net amount bet through a single electronic account on a single track/day/race/pool.
